**NUCA Recognizes National Partner
United Rentals Gold Level Achievement**
United Rentals Promotes Industry Safety & Clean Water

(Fairfax, Va.) – The National Utility Contractors Association (NUCA) proudly announces that United Rentals Inc. has achieved in 2025 the prestigious Gold Level status as a NUCA National Partner. This partner level underscores the company's significant contributions to the American utility construction industry, highlighting the company's commitment to safety, education, and the broader goal of enhancing public health through robust water infrastructure.

"We are incredibly thankful for United Rental's commitment as a Gold Level National Partner," said NUCA Chief Executive Officer Doug Carlson. "Their support not only elevates our association but also enhances the capabilities of all of our members, promoting safer job sites and more resilient subsurface infrastructure. This partnership is a testament to their dedication to the critical American underground construction industry and our nation's public health, and we look forward in 2025 during their centennial anniversary year to achieving together even greater outcomes."

As a Gold Level National Partner, United Rentals plays a pivotal role in advancing NUCA's mission to promote safe, efficient, and high-quality utility construction practices across the United States.

Their participation extends beyond financial support. It includes active involvement in developing and implementing industry-leading safety programs that aim to reduce workplace accidents and promote best practices in trenching, excavation, and other utility construction activities.

This partnership also significantly bolsters NUCA's educational initiatives. United Rentals supports a range of programs that provide training, certifications, and continuing education opportunities for utility contractors. Our joint promotion of workforce development programs is helping to foster the next generation of industry employees.

United Rental's involvement as a National Partner directly contributes to NUCA's overall endeavors towards supporting clean water and public health in every American community. By supporting the development and maintenance of water infrastructure, NUCA's National Partners ensure communities across the nation have access to safe, reliable drinking water and efficient wastewater management systems.

United Rentals is the largest equipment rental company in the world. The company has an integrated network of 1,520 rental locations in North America, operating in 49 states and across Canada. The company's approximately 26,650 employees serve construction and industrial customers, utilities, municipalities, homeowners and others. The company offers approximately 4,800 classes of equipment for rent with a total original cost of \$20.59 billion.

United Rentals achieving Gold Level status is a milestone that promises to continue driving innovation, safety, and sustainability in the utility construction industry. Their choice to become one of NUCA's National Partners is a significant milestone to highlight their leadership and dedication to the vital American utility construction industry.

United Rentals can be found on the Internet at **unitedrentals.com**. For more information on how to become involved with NUCA or to learn more about our National Partners program, please visit **nuca.com**.
